Alba joins Dubai's Supply Chain and Logistics Group

Alba Logistics, the Dublin-based supply chain warehousing consultancy, are delighted to announce that they have recently become the latest corporate member of Dubai's Supply Chain & Logistics Group (SCLG).

SCLG in Dubai is a non-profit organisation now operating with the legal backing of the Dubai Chamber of Commerce and Industry. The Group was established to promote the cause of supply chain and logistics in the Middle East region. SCLG's core aim is to deliver opportunities for education, training, seminars and networking among like-minded professionals and corporations on a global basis. SCLG strives to attract and network the top thought leaders in supply chain and logistics from around the world through partnerships and alliances with similar bodies across the globe.

Alba Logistics, building upon its track record of value-based consultancy services delivered to its global client base that includes Pepsico, GlaxosmithKline, Braun, Actavis, Ivax Pharmaceutical, Schering-Plough and ABX Logistics among others views Dubai as THE premier supply chain and logistics hub for the entire region that stretches from East Africa, across the Middle East and on to the Indian sub-continent and deep into the heart of Central Asia.

Notwithstanding the challenging economic outlook ahead, Alba looks forward to supporting and strengthening the supply chain warehousing capabilities of its clients in manufacturing, distribution and logistics services and working with them to develop strategies and implement plans to deliver real business value.

Patrick Daly, Alba's founder says,

"This is a very important milestone for us in our mission to deliver value-based consultancy services to our global clients in manufacturing, distribution and logistics services. We also look forward to actively supporting SCLG in its mission to promote excellence in all aspects of the supply chain and to facilitate alliances and connections between the Middle East and the rest of the world. On a purely personal level, I am delighted to be back in the Middle East, the place of my birth, and a region in which I have had the privilege to work on many occasions over the last decade"
